(Marin Photography Club)

I, (Print Name) _____, do hereby acknowledge that Marin Photography Club is an unincorporated association and has elected to be a non-profit organization with the general objective to enjoy photography. I further acknowledge that within that objective from time to time Marin Photography Club will suggest a date, time and place for its members, and others, to meet for social enjoyment, especially the taking of photographs. Neither Marin Photography Club or any of its individual members sponsor, or in any way take an active role in such meetings or travel to and from such meetings; all active participation in such meetings must be undertaken by each individual who, in his or her own discretion, decides to attend such meetings and make all of his/her own arrangements for travel, lodging, attending meetings, photography shoots, or other desired and related activities (herein "activities").

Thus, I do hereby release and forever discharge Marin Photography Club and each and all of its members in their capacity as a member of the Marin Photography Club for any and all injuries, accidents, physical or mental harm of any nature, and any and all other form of economic or personal injury that may happen to me during any preparation for my attending any such activities or that occurs to me during my travel to or from and participation in such activities whether such injury occurs through another's negligence or intentional wrong doing. Further I do hereby waive any and all rights I may acquire due to an injury as referenced above to sue in any court of law or equity, arbitrate against, pursue through any alternative dispute resolution agency, or any other forum against Marin Photography Club or any of its members in their capacity as a member of Marin Photography Club.

Provided, however, this release and waiver does not prevent me from pursuing in any legal manner any individual, whether a member or not a member of Marin Photography Club, in his/her individual capacity, for any injury or wrong that such individual may cause to my detriment.
